

**Experiential Education – Activity What, Why, Who, Where, How**

<b>What activities will take place on your course?</b>	<b>Rationale – what is the purpose?</b>	<b>Who does what?</b>	<b>How are students expected to reflect/evidence deep learning?</b>	<b>Where does it happen?</b>
<p>Students interview a member of their community involved in work they would like to do. They present the findings.</p>	<p>To gather information; to experience/practice interviewing; to develop critical thinking and reflect on what they have learned.</p>	<p>Students develop interview questions, arrange the interview and practicalities, analyze data.</p> <p>Instructor provides guidance on developing questions, how to behave, data analysis, etc.</p>	<p>Rationale for questions and analysis; identifying gaps and further research; reflecting on next steps; quality/format of the presentation and report, etc.</p>	<p>In the community and the classroom.</p>
