2:30 – 3:30 pm  Resource Fair
BRIEF DESCRIPTIONS OF ROUNDTABLE TOPICS:

OPEN ACCESS/ OPEN DATA/ RESEARCH METRICS: NAVIGATING THE CURRENT ENVIRONMENT
This roundtable will take up issues relating to open access, open data, and research metrics, considering trends in the research and publishing landscapes, and where to get information.

RESEARCH SUPPORTS AND NETWORKS
York has a tremendous amount of support to assist you with furthering your research program. This roundtable will inform you about various research support services, what they provide and how to access them.

TENURE AND PROMOTION: THE PROCESS AND REQUIREMENTS
The discussion will help prepare for the processes and procedures of Senate regulations on initial review and then tenure and promotion. Special attention is given over to your questions or anxieties.

WORKING WITH GRADUATE STUDENTS
In this session, you will be introduced to the Faculty of Graduate Studies. We will provide a brief orientation to the priorities of the Faculty and then we will move to a discussion of working with graduate students in courses and working with them on committees. You will leave the workshop knowing who you can ask questions about graduate education, how to participate in the governance of graduate education, and finally, how to best engage and enhance the graduate student academic experience.
